

REMARKS

This Paper Response is responsive to the Notice of Drawing Inconsistency with Specification mailed on May 16, 2007. Applicants have amended the Written Description and the Brief Description to reflect the existence of FIG. 6F in the Drawings. Because the amendments merely conform the Written Description to the Drawings, Applicants submit that no “new matter” has been introduced into the specification by these amendments.

Applicants do not believe fees are due in connection with filing this communication. If, however, any fees are necessary as a result of this communication, the Commissioner is hereby authorized to charge any under-payment or fees associated with this communication or credit any over-payment to Deposit Account No. 23-3000.

Respectfully submitted,
